The Surprise Abundance Experience

Who doesn't desire abundance in life? We all want not only our finances, but also our health and relationships to flourish. And behind all of that, even though we may not articulate it in so many words, we deeply want our soul to flourish.

The fulfillment of these desires is Life's intention for everyone!

To paraphrase the Bible: "It is the Father's good pleasure to give you the Kingdom; I am come that you might have life abundantly; the gift is already given."

Wait a minute! What was that last one? The gift is already given? Have you ever wondered, "Well then, if that's true, where's mine?" Ahhhh - that is what we will be exploring this month. The principles are the same for any area of your life where you are experiencing a sense of lack, struggle, limitation and anything but abundance.

The intention of The Surprise Abundance Experience is to bring this to your every day life as a practice in tangible form. The Sunday message on 6/5/16* will highlight the tools you can use, for manifesting, recognizing and receiving "surprise (financial) abundance." You will discover that these tools can be used to create an "Abundance Experience" in any area of your life.

If so, we would love to hear about it. Here are some examples of how Surprise

Abundance shows up:

- A check in the mail you didn't expect
- An unanticipated refund - or even an inheritance
- A rebate offer you sent in ages ago and then forgot about it
- A twenty dollar bill you found on the sidewalk
- An unanticipated stock dividend

We are excited about hearing of your experiencing the blessing of unexpected financial abundance.
