August Sunday Messages: Good News A Month
of Marinating in News to Enthuse!**

**"We will have heaven on earth when spiritual perspective
is woven into the fabric of every day existence."**

Ernest Holmes

Where attention goes - energy flows so this month, let's intentionally put our attention on the good news in our world. Each Sunday we will share good news stories with you, inviting you to revel in their impact on your whole being. This is a delicious opportunity to take a break from the seemingly relentless bombardment of "bad news" and the accompanying inflammatory commentary we hear. We will also consider the importance of

being informed, yet being able to witness from a higher perspective, even the most disturbing news.

"If we can remind ourselves that we hold the key to God's presence in any situation then there is always the possibility of transforming it into one that is filled with Divine possibility."

Rev. Jay Poindexter

"Since 2006, our daily dose of 'News to Enthuse' has confirmed for thousands of fans what we already knew to be true - that good news itself is not in short supply; the broadcasting of it is. In the 1990's while homicide rates in the U.S. plummeted by 42 percent, television news coverage of murders surged more than 700 percent, according to the Center for Media and Public Affairs."

GoodNews Network

"Positive information contributes in a meaningful way to a happier and healthier life. It benefits us emotionally, physically, and mentally."

Harvard psychologist and author Tal Ben-Shahar
