

## Your Spiritual Home: Making the World a Better Place

---

*Set Your Clocks Back this Saturday night, 3/11 ...*

### March Science of Mind Magazine Highlights

**Rev. Karen Wolfson**  
**March Sunday Messages**

Reverend Karen's weekly Sunday messages will explore our  
**March theme of CREATIVITY**

Discover your inner irresistible,  
incredible and infinite Creative Genius!

"Are you considering becoming a creative person?  
Too late, you already are one.

If you're alive - you're a creative person.

The only way an idea can be made manifest in our world is  
through collaboration with a human partner.

Inspiration is looking for you.

It comes from a place of, *Hey, why not?*"

Elizabeth Gilbert

*Big Magic: Creative Living Beyond Fear*

"In some way . . . through some process . . .

Life has entered into you and with it  
the irresistible impulse to create."

Ernest Holmes

"The cosmos is within us. We are made of star-stuff.

We are a way for the universe to know itself."

Carl Sagan

Thomas Troward in *The Creative Process in the Individual*, tells us  
that

God wants to enjoy life. How? By means of us!

"It makes practical working realities of possibilities  
which at present seem but fantastic dreams!"
